Subject: Mayor Bowers - City of Bridgeton - fyi only

Hi –

Just wanted to pass on that I spoke with Mayor Bowers this morning. He mainly called to give us his continued support and to let me know he had an opportunity to speak with members of a St. Charles County group that encompasses several cities and their representatives. He was called to speak on his opinion of what was happening with the Bridgeton Landfill and the West Lake site. He was happy to be able to provide his thoughts on the topics which support the work that EPA is doing there. He also asked about the timing of the soil sample results at BMAC, I gave him our latest estimate on the timing of their release.

He said to be sure and pass on a hello to Karl.

Sarah
